

10 REASONS

WHY PARENTS TAKE THEIR HEALTHY CHILD TO SEE A CHIROPRACTOR

- 1 To encourage good neural plasticity (*brain and nerve development*)
To support "*first-class*" nerve communication throughout the body — promoting *health and wellbeing*
- 2 To help *strengthen* their child's *immunity* — encouraging fewer colds, ear-aches and general illness
- 3 To help resolve *breastfeeding issues and colic*
- 4 To reduce the detrimental impact our *modern world* has on our children's health
- 5 Encourages children to *thrive* by supporting *digestive strength*
- 6 To help improve their child's ability to *learn and concentrate*
- 7 To promote *body balance* — helping to resolve poor posture, asthma, allergies and bed wetting
- 8 To help kids stay *fun and light hearted*
- 9 To help kids stay in *tip-top shape*
